- National Cybersecurity League: 795 out of 7816 nationally

### LANGUAGES

- French: C2
- Albanian: C2
- English: C1
- German: B2
- Spanish: B1

Studying in computer science and specializing in cybersecurity, I am driven by a genuine passion for this sector and determined to thrive in it professionally. I enjoy learning and applying my skills to successfully complete concrete projects. Diligent and persevering, I always strive to deliver quality work and achieve my goals with commitment.

### STUDIES

#### Master's Curriculum in Engineering - Computer Science

Université Savoie Mont-Blanc

2022 - Present

- Development - Software and Web
- Databases - Relational, Document-based, Graph-based
- Systems and Networks - Infrastructures, Protocols, Operating Systems
- Mathematics - Algebra, Statistics, Logic
- Scientific Bibliography - Research-oriented projects

#### Exchange Year - United States

Wittenberg University, OH

2025 - 2026

- Computer Science - Software engineering
- Cybersecurity - Risk Management, Secure Code & Penetration Test
- Economy & Business

#### General Baccalaureate - High Distinction

Lycée Jean-Monnet

2019 - 2022

- Computer Science, Mathematics & Optionnal Advanced Mathematics

### EXPERIENCE

#### European Organization for Nuclear Research (CERN)

Internship

June - September 2024

- Full-stack software development
- Member of the Asset Management and Maintenance team

#### International school of Geneva

Seasonal worker

June - August 2023

- Robotics coach for summer camps
- Multi-sports coach for summer camps

#### R'JUMP Léman

Seasonal worker

August 2023

- Supervision of sports activities
- Customer reception
